BJ,

Sure would appreciate it if you could get as many people as you can to do me a favor, and send this hard charging Marine warrior a line or two in a get well card. His address for the next six weeks will be; L/Cpl Nicholas Thom

National Naval Medical Center

8901 Rockville Pike

Bethesda, Maryland 20889-5600

I've known him and his brothers since he was a kid. His older brother Joe is also in the Corps who just got back from his 1st tour in theater. My buddy, their Father is retired Sgt.Maj. Willie Thom. who retired a year ago with 30 years. Thank you brother.

Thanks brother, care packages with DVD's, books, junk food would all be good too. I spent all day there today also and saw him twice. He's talking about what happened while he's in and out of his drug induced state. Yesterday the nurse brought in an item that the doc pulled out of his left thigh, and it was one of his boot ilets. So dad is going to hold onto it and give it to him a couple of years down the road. Thanks again, I hope everyone sends him something regularly, not just one time. He was only in the Corps for 13 months and only in Country for 1 month.
